Declaration of official dealership

Dear Sirs,

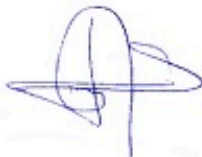

Hereby we confirm that Das Haus Company (Nizhny Novgorod, Russia) is an official dealer for the complete range of Nelissen products in Russia.

Nelissen Bricks only works with partners who have:

- a good knowledge of Nelissen ceramic products (bricks, slips and specials)
- a good service and after sales
- a great experience with building and construction of objects made with 'hand-moulded' bricks
- a wide experience with transport and import of building materials from the EU

In our opinion Das Haus Company (Nizhny Novgorod, Russia) lives up perfectly with these demands, and therefore we trust in a successful and long lasting cooperation.

Sincerely yours,
